SUMMARY

UI/UX Designer with 3+ years of experience designing user-centered digital products at national scale. Currently at Netoyed (Grapes Telecom Pvt. Ltd.), assigned to UX4G - India's national design system under NeGD, Meity - building government platforms that serve 10+ crore users. Skilled in end-to-end product design: user research, information architecture, interaction design, design systems, accessibility (WCAG 2.1), and developer handoff. Experienced in agile environments with product managers, engineers, and senior government stakeholders.

SKILLS

Design: UI/UX Design, Interaction Design, Information Architecture, Design Systems, Wireframing, Prototyping, Mobile-First Design, Responsive Design, Mobile UX, Visual Design, UX Writing.

Research: User Research, Usability Testing, User Interviews, Journey Mapping, User Personas, Competitive Analysis, Heuristic Evaluation.

Tools: Figma, FigJam, Adobe XD, Miro, Axure, Balsamiq, Sketch, Jira, Notion, Zeplin

AI Tools: AI-Assisted Design, Figma Make, Claude, ChatGPT, Gemini, Midjourney etc.

Process: Design Thinking, Agile/Scrum, Design Sprints, Lean UX, Stakeholder Management, Developer Handoff, Cross-functional Collaboration

Accessibility: WCAG 2.1, GIGW, DBIM guidelines, Government Accessibility Standards.

EXPERIENCE

Netoyed (Grapes Telecom Pvt. Ltd.)

UI/UX Designer | Remote | December 2024 – Present

Client: UX4G – National Design System, NeGD, Meity (Digital India)

- Designed Survey Setu end-to-end as the sole designer - 50+ mobile screens and multi-persona web dashboards (Admin, Nodal Officer, District Officer, Supervisor) for a live government platform under the Ministry of Tribal Affairs, serving India's 10+ crore Scheduled Tribe population; launched April 2026.
- Engineered 35 core components from scratch for UX4G Design System 3.0 - India's national UI standard - reducing component detachment across ministry-level design teams; currently authoring usage documentation and building patterns from the component library.
- Designed interfaces for platforms under the Election Commission of India, MoJSE, and NITI (MoSPI) - navigating complex stakeholder requirements across civic, social justice, and national statistics use cases in agile, cross-functional teams.
- Presented at a 70+ participant UX sensitization workshop (DDT&G HP, NeGD, Meity - February 2026, IT Bhawan Shimla) advocating user-centered design and WCAG accessibility standards to government officials.

Skillfoundry Technology Pvt. Ltd.

UI/UX Designer | Remote | August 2023 – November 2024

- Led end-to-end design of SalonX, a B2C salon management mobile app - conducted user research, journey mapping, and usability testing to define personas and identify pain points, then delivered 40+ high-fidelity Figma screens across 3 user personas.
- Built a cross-platform design system for mobile and web, reducing design inconsistency and enabling structured developer handoff aligned with technical and business constraints.
- Partnered with founders and engineers in agile sprints to align interaction design decisions with product roadmap and technical feasibility.

Unboxing Community

UI/UX Designer | Remote | March 2023 – June 2023

- Designed a responsive e-commerce web platform - created user flows, wireframes, and high-fidelity prototypes focused on intuitive navigation and mobile-first accessibility across devices.
- Collaborated with marketing and development teams to ensure design aligned with brand identity, business goals, and technical feasibility.

EDUCATION AND CERTIFICATIONS

Interaction Design Foundation

Certificate Courses | Online | March 2024 – January 2025
